*is hereby issued for a*

 SHARED TASK 

*on the*

COMPUTATIONAL DETECTION &  
INTERPRETATION of

# PUNS

*to be held at*

# SEM EVAL-2017.

SEM EVAL is an ongoing series of evaluations of computational semantic analysis systems, organized under the ægis of **SIGLEX**, the **Special Interest Group on the Lexicon** of the **Association for Computational Linguistics**. SEM EVAL-2017 will be co-located with a major NLP conference (TBA) in the summer of 2017.
